SUMMARY

Visual Designer with 3.5+ years of experience crafting brand identities, motion content, and digital experiences for clients across India and globally. Working across branding, UI, and motion to build cohesive visual systems that balance clarity, structure, and storytelling. My work focuses on creating thoughtful, visually driven solutions that communicate with intent across different mediums.

EXPERIENCE

Freelance Visual Designer | Self-Employed | *Jan 2023 – Present*

- Delivered 50+ design projects across branding, UI/UX design, motion graphics, and digital marketing for clients in India and globally
- Developed brand identity systems and visual frameworks, including logos, typography, color palettes, and guidelines
- Designed user interfaces and enhanced user experience for 5+ websites and landing pages using Figma and Webflow
- Created motion graphics, animations, and video content using Adobe After Effects and Adobe Premiere Pro
- Produced 3D visualizations and digital assets using Blender and Cinema 4D
- Led creative direction and narrative development from concept to final delivery
- Collaborated with clients and stakeholders to deliver user-centered design solutions

Motion Designer & Video Editor | Freelance | *Jul 2022 – Present*

- Edited 10+ short films, commercials, and digital content with color grading, VFX, and sound design
- Developed motion graphics, animations, and title sequences for digital campaigns and social media
- Collaborated with clients to translate ideas into visual storytelling and design solutions

SELECTED PROJECTS

Diesel — Personal Concept Campaign

- Developed a branding and visual communication campaign using industrial design language
- Designed motion graphics, 3D visuals, and digital content for marketing and advertising
- Created a cohesive visual system combining typography, layout, and storytelling

Lucent — Personal Brand Identity & Design System

- Built brand identity and design system for a lifestyle concept
- Developed typography, color systems, and visual elements for consistent branding
- Applied branding across packaging, UI design, and digital assets

Fragments — Visual Design Exploration (Personal Project)

- Produced experimental projects across visual design, motion graphics, and 3D visualization
- Explored typography, layout, and composition for digital and visual communication
- Developed concepts for creative direction and visual storytelling
